

**BC2A™ oral paste** is a patented essential branched chain formula for horses, engineered to assist veterinarians, trainers & horse owners to prevent tying-up, assist in recovery and to train to their maximum fitness potential.

## Benefits

- Works fast
- Supports normal lactic acid levels
- Promotes recovery from strenuous exertion
- Balanced branched chain ratio for maximum effect
- Promotes muscle integrity and definition
- Supports performance and endurance
- Supports oxygen utilization

## Convenient

- Two sizes (55 & 88 gm)
- Easily administered oral paste
- Flexible timing:
  - 30 – 60 minutes PRE-exertion (before lactic acid build up)
  - Within 30 minutes POST-exertion (support recovery)
